

Centripetal / Centrifugal Forces

Pd:

Name:

Centripetal forces: unite a country (**pull** together).

Centrifugal forces divide a country (**fall** apart).

Read the following list. Decide if the term belongs in the Centripetal or Centrifugal category and make a checkmark in the appropriate column. Finally, write an explanation or example supporting your decision. **You MUST give an explanation as you are turning this in. If you choose both for an option, you must give an explanation for both.**
