CHEAT SHEET - B

Name _____

Date _____ Pd _____

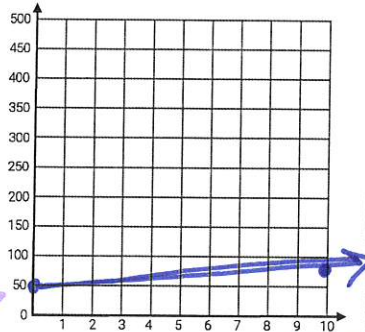

ADDITIVE & MULTIPLICATIVE RELATIONSHIPS

- An equation, table, graph, or verbal description can describe the relationship between x and y .

$y = x + a$ ADDITIVE RELATIONSHIP

$$y = x + 50$$

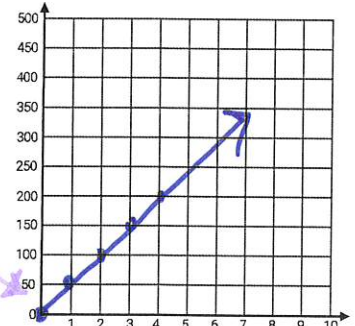

X	Y
0	50
1	51
2	52
3	53
4	54

MULTIPLICATIVE RELATIONSHIP $y = ax$

$$y = 50x$$

X	Y
0	0
1	50
2	100
3	150
4	200

Additive does NOT include (0,0)

Multiplicative goes through (0,0)

INDEPENDENT & DEPENDENT QUANTITIES

INDEPENDENT QUANTITIES:

x -value

DEPENDENT QUANTITIES:

y -value

y depends on x

EQUATION

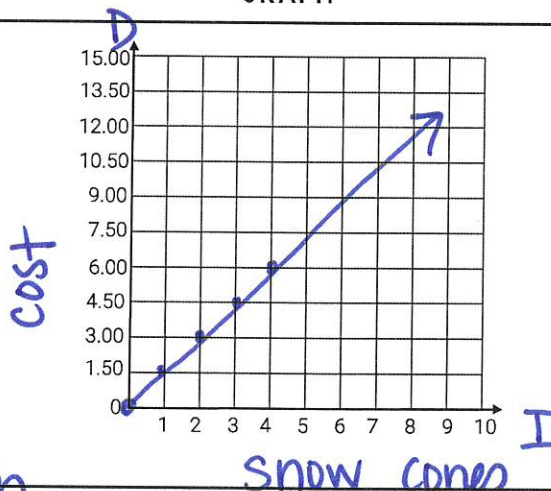

$$y = 1.50x$$

$$C = 1.50s$$

DESCRIPTION

The cost of a snow cone is \$1.50. What is the total cost, c , of s , number of snow cones?

GRAPH

TABLE

	S.C.	Cost	
I	X	Y	D
	0	0	
	1	1.50	
	2	3.00	
	3	4.50	
	4	6.00	

Cost depends on
of snow cones
