

Unit 1: Thinking Geographically

EQ 1: Why do geographers study relationships and patterns among and between places?

EQ 2: How do geographers use maps to help them discover patterns and relationships in the world?

EQ 3: How do geographers use a spatial perspective to analyze complex issues and relationships?

Important Dates

Regions Quiz: Aug 22/25

Vocab Check 1.1: Aug 26/27

Essential Locations Exam: Aug 28/29

Vocab Check 1.2: Sept 2/3

Unit 1 Exam: Sept 4/5

Date/Topic	Learning Targets		Agenda/Notes
8-12/13	I understand the course requirements and expectations	- Syllabus - Expectations - Commitment - Perseverance	Welcome to APHG ICA: Review syllabus (sign & submit in Schoology – you & parent) ICA: Get to know each other HMWK: complete the Chrome book Usage form ONLY if you do not have a RRHS Chrome Book Students will be getting new chromebooks in their English classes
Date/Topic	Learning Targets	Key vocabulary and concepts	Agenda/Notes
8-14/15 <i>Geographers use maps and data to depict relationships of time, space, and scale</i>	1. I can identify types of maps, the types of information presented in maps, and different kinds of spatial patterns and relationships portrayed in maps. 2. I can identify different methods of geographic data collection	Geographic Tools and Data - Asking/Answering Geographic Qs - Visual Aids - Photographs - Charts and graphs - Maps - Reference maps - Thematic maps - Map projections and distortion - Map scale - Types of Data - Quantitative/Qualitative - Geospatial data (intro) - Spatial information and analysis	ICA: What is Geography (Quick Write #1) Submit answer in Schoology ICA: Create/access college board account (<u>write down your Username/password in your agenda/notes/etc.</u>) ICA: Note taking strategies/Using the LTs as a study tool (if time allows) **See last page (how to prepare for an AP class), registration info/dates HMWK: Geographic Tools and Data & Using Geospatial Data notes, Thematic & Projections Map Handout Cont...studying EL and Regions

Date/Topic	Learning Targets	Key vocabulary and concepts		Agenda/Notes
8-18/19 <i>Geographers use maps and data to depict relationships of time, space, and scale</i>	3. I can explain the geographical effects of decisions made using geographical information	Using Geospatial data (pg 5-6, 11-16) - Types of geospatial data - Geo-referenced phenomena - Geographic information systems (GIS) - Satellite navigation (GPS) - Remote sensing - Satellite imagery - Demographic data (census)	- Uses of geospatial information - Government - Disaster response - Business - Personal decision making	Quick Write #2 (GIS) ICA: Intro to Maps ICA Case Study: Geospatial Revolution Case Study (<i>Daily</i>) HMWK: Spatial Concepts Notes cont...EL and study for Regions quiz
Date/Topic	Learning Targets	Key vocabulary and concepts		Agenda/Notes
8-20/21 <i>Geographers analyze relationships among and between places to reveal important spatial patterns</i>	4. I can define major geographic concepts that illustrate spatial relationships	Spatial Concepts (pg 7-10) - Absolute/relative location - Distance/direction - Clustering/dispersal - Space/place - Site/situation - Location Theory (p8) - Connectivity/accessibility - Centrality	- Tobler's First Law of Geography - Flows - Distance decay - Time space-compression - patterns	ICA: Spatial Concepts Google Slideshow Activity (Daily) HMWK: Human-Environmental interaction Cont...studying EL and Regions Quiz **(Regions quiz next class)
Date/Topic	Learning Targets	Key vocabulary and concepts		Agenda/Notes
8-22/25 <i>Geographers analyze relationships among and between places to reveal important spatial patterns</i>	5. I can explain how theories of geographic thought are used to illustrate the interactions between people and nature	Human-environmental interaction (pg 10-11) - Concepts of nature and society - Cultural Landscape - Land use - Natural resources - Sustainability - Natural disasters - technological disasters - Modification of the environment - adaptation to environment	- Theories of interaction - Environmental determinism - Possibilism	Quick Write #3 (Cultural Landscape) Quiz: Regions map quiz ICA: FRQ Practice Interpreting Maps HMWK: Scale of Analysis notes Cont...studying EL , Study for VC 1.1 (next class)

Date/Topic	Learning Targets	Key vocabulary and concepts	Agenda/Notes
8-26/27 <i>Geographers analyze relationships among and between places to reveal important spatial patterns</i>	6. I can define scales of analysis used by geographers and explain what these scales of analysis reveal	Scale of Analysis (pg 18) “units” of analysis - Global - Regional - National - Sub-national region - Local - Patterns and interpretation of data at different scales of analysis - Level of generalization	ICA: VC 1.1 ICA: Scale of Analysis practice ICA: CFU Scale of Analysis (QW#4) HMWK: Regional Analysis notes, re-view/study for EL test (next class!!)
Date/Topic	Learning Targets	Key vocabulary and concepts	Agenda/Notes
8-28/29 <i>Geographers analyze complex issues and relationships with a distinctively spatial perspective</i>	7. I can describe different ways that geographers define regions	Regional Analysis (pg 18-22) - Unifying characteristics - Types of regions - Formal/Uniform - Functional/Nodal - Perceptual/Vernacular - Trouble with boundaries - Overlapping - Transitional - Contested - Application of regional analysis at varying scales of analysis - Local - National - Global - Using S.P.E.E.D. to describe regional characteristics - Development - Primary/Secondary/Tertiary economic activities - EX major regions - MDC/LDC/NICs - The “West”, The “East”, The “Islamic Realm”, “The Global North”, The Global South”, etc.	Essential Locations Exam <i>(retake deadline Sept 8)</i> HMWK: Regional Analysis notes, study for V.C. 1.2 (next class)
Date/Topic	Learning Targets	Key terms and concepts	Agenda/Notes
9-2/3	8. I can utilize different methods and strategies of studying to re-view the concepts and topics of this unit.	Same as above 9-2/6	<u>VC 1.2</u> ICA: Understanding Regions Activity HMWK: AP classroom Unit 1 Personal Progress Check (unlocked – complete on your own HMWK: Study for Unit 1 exam.
Date/Topic	Learning Targets	Key terms and concepts	Agenda/Notes
9-4/5		All Unit 1 concepts	<u>Unit 1 Exam</u> <i>(retake deadline Sept. 16, morning)</i> All QWs submitted in Schoology HMWK: Population Distribution notes

Advanced Academics Summer Experience

- Event to support first-time college-credit-bearing course-taking students
- Presentations focus on basic soft skills like time management, study skills, self-advocacy, dissecting and responding to a prompt
- Processing opportunities between each session
- Ambassador Panel

Registration Form: https://docs.google.com/forms/d/e/1FAIpQLSc88P9g41F0Pesxed2Qwnn_MV-QdyyHmkOIBe2QRrX04YDe4g/viewform

August 23, 8:30-11:30 pm Cedar Ridge High School Cafeteria (CRHS)

2801 Gattis School Rd, Round Rock, TX 78664

August 23, 1:00-4:00 pm McNeil High School Cafeteria (MHS)

5720 McNeil Dr, Austin, TX 78729
