

Name: _____ **1.1 Introduction to Maps (Reference, Thematic, Location, Distance)**

Standards and Skills: Using the Geographic Tools & Data and Geospatial notes, as well as the Thematic Maps handout, answer the questions below. Then analyze the map of Texas and answer the questions. Ask questions of your peers in your groups before you ask me.

- 3.A skill: Identify the different types of data presented in maps and in quantitative and geospatial data.
- Essential Knowledge: Types of maps include reference maps and thematic maps.
- Essential Knowledge: Types of spatial patterns represented on maps include absolute and relative location, and distance, clustering.

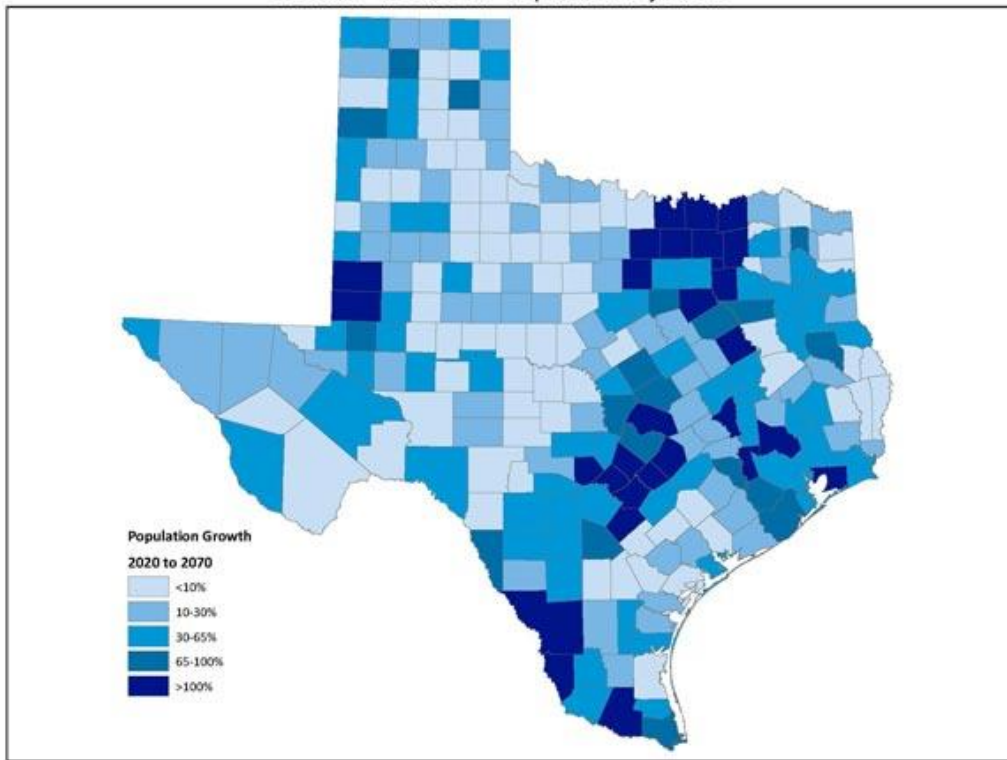

Part 1 Reference Maps, Location, and Distance:

The school's address is 201 Deep Wood Drive, Round Rock, TX, 78681. Jack Allen is a restaurant located in Round Rock and their address is 2500 Hoppe Trail, Round Rock, TX 78681. Answer the questions below:

1. What is the ABSOLUTE LOCATION of Jack Allen's restaurant?
2. What is the relative location (what is it relative to/where is it situated near?) of Jack Allen's restaurant?
3. Using your chrome book, what is the DISTANCE from Jack Allen's to Round Rock High School in miles?
4. Using your chrome book, what is the RELATIVE DISTANCE from the Jack Allen's to Round Rock High school in minutes?

Part 2: Thematic Maps of Texas (answer on the back)

2021 RWP & 2022 SWP Population Projections

1. What kind of THEMATIC map is presented in the Texas map and what is the theme?
2. Complete the analysis below based on the map provided of Texas.

Level 1: **BASICS – WHAT?** (title, key, photos, words or phrases, dates, numbers)

Level 2: **PATTERNS – WHERE?** (High and low density areas, patterns or lack of patterns).

Level 3: **EXPLANATIONS – WHY THERE?** (How did it get there? Explain every pattern you identified.)

Level 4: **INTERPRETATIONS – SO WHAT?** (What are the state, national, global implications of this map? Why is it important? Any concerns? Summarize the message of this map.)

Part 3: Learning Scale Reflection: By the end of the lesson, circle where you believe you are on the following learning scale based on your evidence within this 1.1 assignment.

4	Exceeding Standards	I understand this concept so well that I can apply it to other problems and explain it to you in my own words.
3	Meeting Standards	I understand what is going on here and I can show it.
2	Approaching Standards	I am not sure if I understand this completely, but I have enough confidence to try and figure it out.
1	Not Yet Met Standards	This look familiar but I need help to do this.
0	Insufficient Evidence	This is new to me and I cannot do these problems right now.
