

FRQ Analysis: Boundaries

Directions: Working with your table group, read and score each of the sample FRQs for this topic.

Step 1: Review the rubric with your table group.

1. How many points is each section worth? A. ____ B. ____ C. ____ D. ____ E. ____ F. ____ G. ____ Total points: ____
2. How does the student earn credit for part A? _____.
3. What does the student need to do to earn the points for part B? _____
_____.
4. What does the student need to do to earn the points for part C? _____
_____.
5. What does the student need to do to earn the points for part D? _____
_____.
6. What does the student need to do to earn the points for part E? _____
_____.
7. What does the student need to do to earn the points for part F? _____
_____.
8. What does the student need to do to earn the points for part G? _____
_____.

Step 2: Score the first sample question (sample 3A)

1. How many points did the student earn for part A? ____ Explain why you did/did not award this point ____
_____.
2. How many points did the student earn for part B? ____ Explain why you did/did not award this point ____
_____.
3. How many points did the student earn for part C? ____ Explain why you did/did not award this point ____
_____.
4. How many points did the student earn for part D? ____ Explain why you did/did not award this point ____
_____.
5. How many points did the student earn for part E? ____ Explain why you did/did not award this point ____
_____.
6. How many points did the student earn for part F? ____ Explain why you did/did not award this point ____
_____.
7. How many points did the student earn for part G? ____ Explain why you did/did not award this point ____
_____.

FRQ Analysis: Boundaries

Step 3: Score the second sample question (sample 3C)

1. How many points did the student earn for part A? _____. Explain why you did/did not award this point _____.

2. How many points did the student earn for part B? _____. Explain why you did/did not award this point _____.

3. How many points did the student earn for part C? _____. Explain why you did/did not award this point _____.

4. How many points did the student earn for part D? _____. Explain why you did/did not award this point _____.

5. How many points did the student earn for part E? _____. Explain why you did/did not award this point _____.

6. How many points did the student earn for part F? _____. Explain why you did/did not award this point _____.

7. How many points did the student earn for part G? _____. Explain why you did/did not award this point _____.

Step 4: Score the third sample question (sample 3B)

8. How many points did the student earn for part A? _____. Explain why you did/did not award this point _____.

9. How many points did the student earn for part B? _____. Explain why you did/did not award this point _____.

10. How many points did the student earn for part C? _____. Explain why you did/did not award this point _____.

11. How many points did the student earn for part D? _____. Explain why you did/did not award this point _____.

12. How many points did the student earn for part E? _____. Explain why you did/did not award this point _____.

13. How many points did the student earn for part F? _____. Explain why you did/did not award this point _____.

14. How many points did the student earn for part G? _____. Explain why you did/did not award this point _____.
